Village Directors must live or own property or a business in the village area, be willing to volunteer time to work on projects, help represent the area and fulfill responsibilities as described in the bylaws. The Board of County Commissioners will review the list of candidates in advance of the town hall to ensure candidates meet the residency, property or business ownership requirements.

Attach additional pages as necessary.

I recently retired from a multinational logistics company where my job was to provide creative problem solving for reducing costs and improving the quality of services offered to customers. Since my retirement I served on the Clackamas County Sustainability Task force and helped develop the county's action plan. I have been involved in sustainable thinking and actions since the early 70's, when I worked as Operations Manager for Portland Recycling Team. My agenda as a Villages Board Member will be to do my best to assure that each and every proposal and activity coming before the board meets the sustainability criterion as outlined by the county. I am convinced that the changes required for us to enter the new "Green Economy" will bring jobs and greater prosperity for our communities; we need to change the way we plan for the future and we need to do it now.
